Home Care:

Home Care (also called homemaker services, personal care or custodial care) is non-medical in-home assistance. It includes tasks like companionship, housekeeping, assistance with transportation, hygiene, toileting and more. Currently, caregivers are not required by law to have any special training or meet any criteria other than those specified by the employer. **These services are not covered by Medicare, Medicare supplements or any other health insurance plans.** They may be covered under a long-term care insurance policy. The typical rate in California as of 2023 is \$40 per hour.

Home Health Care:

Home Health Care (also called Skilled Nursing) is medical assistance in the home. This includes services that must be performed by trained medical personnel including injections, wound care, physical therapy, medical hospice care, etc. Home Health Care Companies must be licensed by the state and the personnel must keep up their individual professional licenses. **This is not a list of Home Health Agencies. For a list of licensed Home Health Agencies call Senior Connection at 800-510-2020.**
