LETTER OF INTENT: Submission of a Letter of Intent is mandatory. It is the Applicant's responsibility to secure a receipt of its delivery to the Area Agency on Aging.

FUNDS AVAILABLE: The availability of the funds identified below is contingent upon receipt of adequate state and federal funds from the California Department of Aging.

BACKGROUND: The OCA's first major amendment in 1996 (AB 2800) established various Older Americans Act (OAA) programs and introduced additional Community Based Service Programs (CBSP) not found in the OAA. Initially, these additional programs were funded primarily by the State's General Fund; budget cuts during the Great Recession, however, left these programs authorized but unfunded. With the increasing population of Californians over the age of 60, reinvestment into the Older Californians Act Programs is essential.

Allowable Activities

OARR funding utilized for the OCNP must be expended on allowable Older Americans Act (OAA) activities as defined by the OAA and California Code of Regulations to support the goal to provide more meals to more older adults. OARR funding utilized for intergenerational activities support the goal of connecting older adults with children, youth, and adults through the OCNP. Examples of activities include, but are not limited to the following:

- Development or maintenance of partnerships and collaborative efforts with programs serving children to foster intergenerational connections between older adults and children.
- Planning, development, or implementation of shared sites with programs serving meals to children to promote intergenerational socialization among the participants.
- Planning, development, or implementation of intergenerational cooking demonstrations or classes to support healthy eating habits.
- Planning, development, or implementation of a shared garden site(s) and intergenerational gardening activities and nutrition education.
- Virtual or in-person lunch companion for OCNP participants to socialize with children, youths, or adults while enjoying a meal.
- Virtual or in-person intergenerational social activities related to the OCNP.

Funding Available: (contingent upon receipt of adequate state and federal funds).

- **\$469,857 for 7/1/2023-6/30/2024**

About the Area Agency on Aging (AAA)

The Central Coast Commission for Senior Citizens is the designated Area Agency on Aging for San Luis Obispo and Santa Barbara Counties. The Older Americans Act provides a framework for a partnership among the different levels of government and the public and private sectors with a common objective to improve the quality of life for all older Americans by helping them to remain independent. The Area Agency on Aging provides the administrative framework for the provision of social, nutrition and health promotion services to older persons and their seniors in San Luis Obispo and Santa Barbara Counties through the Older Americans Act and the Older Californians Act. In conformance with its Area Plan, the Area Agency on Aging provides Subawards to agencies in the two-county area for the provision of services.

DEFINITIONS: A Responsive and Responsible Bidder is one who meets both the specifications of the RFP (a bid that varies materially from the specifications will be rejected) and has the resources and capacity to deliver the service within the specified time frame at the price contained in the bid (Title 22 section 7358 (b) (1) (2)).

Allocations are dependent upon the authorization and appropriation of funding. The goal of these funds is to provide support for those seniors who are caring for elders who are at risk of losing their ability to remain independent in their own homes and communities.
